

# Gunda Purijagannath

---

📍 Hyderabad, Telangana, India

B.Tech CSE-AIML, 3rd Year

MLR Institute Of Technology

Email: pjofficial06@gmail.com | Phone: +91 8008044421

LinkedIn: linkedin.com/in/purijagannath-gunda-040268334 | GitHub: github.com/Purijagannath

## **Objective**

Aspiring Data Analyst & AI/ML intern with strong knowledge of data preprocessing, machine learning, and data visualization. Seeking opportunities to apply analytical skills, contribute to projects, and grow in AI/ML and data-driven roles.

## **Education**

B.Tech in Computer Science & Engineering (AI & ML)

MLR Institute Of Technology, Hyderabad

3rd Year (Expected Graduation: 2027)

## **Technical Skills**

Programming & Tools: C, C++, Java, Python (pandas, numpy), SQL, Linux, Git, Excel, Tableau, Power BI, HTML, CSS, JavaScript

Machine Learning / AI: Data preprocessing, model training, AI lab projects, predictive analytics

Data Analysis: Data cleaning, exploratory data analysis, visualization, reporting

## **Projects**

### **Hyperfit AI**

AI-based fitness recommendation system. Implemented predictive models to suggest personalized workouts.

GitHub: <https://github.com/Purijagannath/Hyperfit-AI>

### **Superstore Sales Analysis**

Analyzed sales dataset to identify trends and business insights. Created visualizations and dashboards using Tableau and Python.

GitHub: <https://github.com/Purijagannath/superstore-sales-analysis>

### **Netflix Data Analysis**

Performed EDA on Netflix dataset to uncover patterns in content distribution and user preferences. Tools used: Python, pandas, matplotlib, seaborn.

GitHub: <https://github.com/Purijagannath/netflix-data-analysis>

### **MLRIT Library Management System**

Web-based application to manage library operations. Technologies used: HTML, CSS, JavaScript.

GitHub: <https://github.com/Purijagannath/MLrit-Library-Management-System>

## **Work Experience / Certifications**

Data Analytics Intern | Jyesta Corporate Entity | Aug–Sep 2025

Analyzed 10k+ records, created dashboards (Power BI, Tableau).

Wrote SQL queries to extract insights, improving reporting efficiency by 20%.

## **Extra-Curricular / Interests**

Video Editing (Active Member of AIM Club) | AI & Machine Learning projects | Data Analysis and Visualization | Web Development
